Mr. R. R. Westerman
State Board of Health
Dover, Delaware

Dear Sir:

Attached find prints of our plans for the landfill on the property of W. C. Ward and Elizabeth O. Ward on Delaware route 71 between U. S. 13 and Delaware 7. This is the same property you visited with us a week ago.

As stated to you at that time, we are asking for advance approval for the three acre portion of this property for immediate usage. We further stated that the fill would be operated in accordance with the preliminary draft of your regulations.

Application has been made to the Water and Air Resources Commission with a copy of our letter directed to you.

We wish to thank you for your splendid and prompt attention to our needs and to assure you that we appreciate your efforts to cooperate.

Sincerely yours,

DEPARTMENT OF PUBLIC WORKS
